

SMD Ltd SHEQ Policy Statement

At Spacemaker Developments Ltd t/a SMD we pride ourselves on paying attention to Health & Safety, Environmental and Quality requirements of the projects where we are engaged.

Through a focus on our customers' objectives, we ensure that the following are core to every project no matter its scope or scale:

- Protect the health and safety of our employees, contractors and others who may be affected by our operations
- **Minimise the environmental footprint of our operations through efforts to prevent illness, injury, and pollution**
- Actively promote and develop opportunities for improving sustainability of the business and our projects by increasing energy and water efficiency, improving security and safety, and reducing emissions of harmful pollutants
- **Be committed to compliance with all our health, safety, environmental and legal requirements**
- Be committed to health, safety, the environment, and quality of service we provide to our clients in all our projects
- **Identify, control and endeavour to reduce hazards and associated risks (to employees and others who may be affected), emissions, waste, and inefficient use of resources**
- Be open with clients and work within communities to ensure we are considered a considerate contractor in all areas of a project with added consideration for Social Value
- **Reduce the impact to the environment through adopting the localism approach to supply chain and procurement where possible**
- Demonstrate leadership to our contractors and supply chain in all areas including health, safety, environmental and quality aspects of a project
- **Ensure our leadership team and individual employees are engaged in aspects of health, safety and the environment and are accountable for their role in meeting our commitments**
- Measure and periodically review our progress and strive for continuous improvement

SMD are an organisation who embraces innovation and as such has an open-door policy to all who work for us or alongside us on our projects and this is reflected through all levels of the business including the leadership team.

SMD has put into place individual H&S, environmental and quality systems which underpin this policy and support it alongside other individual policies which may apply in line with aspects of UK legislation.

Moomith Ullah
